## BRITISH ASK BANISHMENT OF SUBS

### PROPOSAL RECEIVES NO SUPPORT FROM ANY OTHER POWER

France, Italy and Japan Regard Submarine  
as Valuable Arm of Naval Strength—  
America Took No Stand but Suggests Pre-  
vention of Ruthless Methods in World War

(By The Associated Press)  
WASHINGTON, Dec. 22.—Great Britain's plea that the submarine be banished from the seven seas was presented at the arms conference today, but it received no support from any other power.  
In turn the spokesmen of France, Italy and Japan replied that they regarded submarines when properly employed as a legitimate and valuable arm of naval strength and were unprepared to see them abolished.  
The American delegates took no final stand on the question, but suggested that the conference turn its efforts toward such a revision of international practices as would prevent a repetition of the ruthless submarine methods of the world war.  
A further exchange of views on the British proposal will take place tomorrow unless France whose representatives again are awaiting instructions from their premier is prepared to go ahead with the delayed presentation of estimates for auxiliary craft she desires to keep under the naval reduction program.

### PHYSICIANS ARE DIVIDED AS TO WHISKEY VALUE

Questionnaires Sent to  
Physicians in Two  
States

(By The Associated Press)  
CHICAGO, Dec. 22.—Three thousand and sixty three physicians in Indiana and Illinois, replying to the alcoholic liquor questionnaire sent to 53,000 doctors by the Journal of the American Medical Association, divided almost equally on the value of whiskey as a therapeutic agent; while a big majority declared they did not consider that wine and beer had any value in medicine.  
The Journal in its issue of Dec. 20 will announce the tabulation in these two states, the first in which the canvass has been completed.  
In Illinois and Indiana combined 1,552 doctors declared they did not "regard whiskey as a necessary therapeutic agent in the practice of medicine," while 1,511 replied that they did regard it of value. In Illinois alone 1,149 physicians replied in the affirmative and 954 in the negative, but the Indiana returns reversed the combined totals, 598 Hoosier doctors opposing whiskey and 362 favoring its use.  
Miss Edna Hackett, who has been studying voice under Burton Thatcher in Chicago, arrived home Thursday to spend the vacation.

### Fate of Church Is Now With the Jury

(By The Associated Press)  
CHICAGO, Dec. 22.—The case of Harvey W. Church, charged with the murder of Bernard J. Daugherty, an automobile salesman, tonight after Edgar Jones, assistant state's attorney, made his final argument in which he asked for the death penalty and Judge John R. Caverly had instructed the jury.  
Declaring that there could be no doubt that Church had killed Daugherty and Carl Ausmus, another automobile salesman, Mr. Jones said:  
"Do not be swayed in your judgment by the Christmas spirit which is everywhere. Remember that while Church's Christmas will be sad, it should be so because there is no joy in the families of Daugherty and Ausmus."  
Behind when they were killed by the young man sitting there who tries to make you think he is crazy."  
Mr. Jones declared there was

### DAIL EIREANN ADJOURNS UNTIL JANUARY THIRD

Vote Indicates Sentiment for and Against Treaty

(By The Associated Press)  
DUBLIN, Dec. 22.—The Dail Eireann by a vote of 77 to 44 decided late today on a motion submitted by Michael Collins to adjourn further debate on the Irish treaty until Tuesday, January third. It was not the motion itself but an amendment to the motion on which the vote was actually taken. The amendment introduced and seconded by opponents of the treaty called for continuous sittings day and evening until a division was taken on the treaty's ratification or rejection. The defeat of the amendment automatically decided the motion. With few exceptions, so far as could be observed, the vote followed the party lines of those favoring or opposing the treaty.  
Those who have been following the debates carefully believe that this vote roughly approximates the sentiments for and against the treaty. This is denied by some of the opponents of the treaty, who assert that it was not a fair test, as many of the deputies on both sides, especially the country members dislike the idea of the debates continuing thru Christmas and voted for adjournment in order to get home for the holidays.  
In fact Countess Marievitz, one of the strongest opponents of the treaty seconded Mr. Collins' proposal.  
Mr. Collins showed eagerness to rush his motion thru to quick decision. He summarily checked Mr. Milroy who interrupted the taking of the vote to have the question cleared up as to whether deputies representing two constituencies should have two votes. Mr. Collins declaring that he would not hear of having the fate of Ireland decided on the question of a technicality.  
When it became apparent that there was to be a party lineup on the vote the atmosphere became tense with excitement. Devalera's face was stern and grim when the figures were announced. Considerable elation was shown by Collins and his adherents. Desmond Fitzgerald, minister of propaganda, who supports the treaty, said tonight he believed that not more than ten opponents of the treaty voted for adjournment indicating a majority for the treaty of thirteen.

### COURT DECISION ON VOLSTEAD ACT

(By The Associated Press)  
CHICAGO, Dec. 22.—The Volstead act went into effect on January 17 instead of January 16, according to a decision handed down today by the United States court of appeals. The court in reviewing a decision of the lower court of the case of John Zimmerman, saloon keeper arrested January 16, the day when the eighteenth amendment was declared a part of the constitution on a charge of violating the Volstead act by having intoxicating liquor in his possession, pointed out that the Volstead act says it "shall take effect and be in force from and after the day when the eighteenth amendment to the constitution of the United States goes into effect" and ruled that the Volstead act was not effective on the day Zimmerman was arrested.  
The case was remanded to the lower court with orders to quash the indictment against Zimmerman.

### MARINES CAPTURE ESCAPING PRISONER

CHICAGO, Dec. 22.—After a chase thru corridors and down stairways of the federal building today, Fred Patser, former employee of the sub-treasury was captured by two armed marines as he reached the main floor of the building following his escape from treasury agents on the fifth floor. Patser was arrested today for his activities in representing himself as an employee of the customs department, according to federal officials. He is alleged to have offered to sell smuggled diamonds to business men in Chicago and the Fox river district.  
JEWELRY BANK ROBBED  
Joplin, Mo., Dec. 22.—Two masked bandits late today robbed the Bank of Exeter, at Exeter, Mo., 60 miles southeast of here and escaped in a motor car with \$5,000 in cash. A posse was in pursuit of the bandits tonight.

### ONE KIDNAPER IS KILLED AND OTHER CAPTURED

Attempt to Kidnap the  
Family of Jimmy  
Callahan

(By The Associated Press)  
CHICAGO, Dec. 22.—One man was shot dead and another captured tonight by Policemen William Naughton after they had kidnaped an automobile party made up of Mrs. James Callahan, wife of the former manager of the Chicago White Sox baseball team, her daughter, mother and father and had shot Emil Kortzen, the Callahan chauffeur.  
Members of the party and Kortzen were seated in an automobile in front of the Callahan home. Mr. Callahan was standing at the curb. The two men appeared from the shadow of a building nearby pointed revolvers at Kortzen as they jumped on the running board and ordered him to drive on. Kortzen was slow in obeying the command and one of the men shot him thru the cheek. The chauffeur then started the car.  
Callahan hailed a passing automobile and started in pursuit picking up the policeman on the way. As the pursuers drew near the men jumped from the Callahan car. Policemen Naughton opened fire and the men did likewise. One of the men was shot thru the head dying instantly and the other surrendered. The dead man was identified by his companion as Carl Gilbert of Omaha, Neb. The man who surrendered gave his name as Claude Thomas and said his home was in Seattle, Washington.

### DRUG SMUGGLERS TAKEN BY OFFICERS

Cedar Rapids, Iowa, Dec. 22.—The arrest of Joe Williams in Chicago, on information furnished by Narcotic Agents Kenefick and Marks from this city, following the arrest of Dr. Jesse L. Cook of this city and Thomas S. Braley, of Chicago, may result in the arrest of other members of a smuggling gang and which may involve operations of international importance. Braley was arrested here as he was delivering a package of "dope" to Dr. Cook. It was smuggled in thru Canada via Williams. Braley acting as runner while Dr. Cook has been the local distributor for the ring.

### ROBBER HOLDS UP CANDY STORE CLERK

Danville, Ill., Dec. 22.—Thrusting a revolver against the stomach of a candy store clerk tonight, an unmasked robber helped himself to \$97 from the cash register, backed out of the door and escaped.

### HARDING WILL CONSIDER WAR LAW OFFENDERS

Some of Them May Be Given  
Their Freedom Before  
Christmas

(By The Associated Press)  
WASHINGTON, Dec. 22.—Christmas freedom for war law offenders was given final consideration by President Harding tonight at an after-dinner conference at the white house with Attorney General Daugherty. Announcement of those selected for executive clemency, it was said, is to be made from the white house tomorrow afternoon.  
At tonight's conference, the president was understood to have gone over with Mr. Daugherty the digest prepared by the department of justice, containing the complete history of the 157 war violators and to have taken up each case separately without relation to the others.  
In this connection, it was thought probable in official circles that the case of Eugene V. Debs, socialist leader, was considered as an individual case.  
While it was expected that quite a number of the offenders would be granted their freedom by the president, high officials maintained that there would be no general amnesty extended war law prisoners and that tomorrow's action would only be the extension of executive clemency on a larger scale than usual.

### CANNOT SEND BOYS BY PARCEL POST

Chicago, Dec. 22.—An application to send a boy from Chicago to Troy, Ohio, by parcel post was denied today by Postmaster A. C. Lueder to Mrs. Albert Witthelm, the wife of a farmer near Troy.  
The request was made in a letter stating that her son was visiting relatives in Chicago and that she wished to send him home by mail. It was denied in concurrence with postal regulations.

### PROMINENT MOTOR OFFICIAL DIES

Flint, Mich., Dec. 22.—Charles M. Begole, president of the Chevrolet Motor company and one of the founders of the Buick Motor company died at St. Petersburg, Fla. according to word received at his home here. Mr. Begole, a son of the late Josiah Begole, former governor of Michigan, was 73 years old.

### W. JETT LAUCKE MAKES REPLY TO I. C. PRESIDENT

Could Save Two Billions on Operating Costs

(By The Associated Press)  
WASHINGTON, Dec. 22.—"A saving of two billion dollars annually in the operating costs of the railroads of the country might be realized if the earnings of the roads were not improperly diverted," W. Jett Laucke, identified with the American Federation of Labor declared tonight in reply to a statement issued in Chicago on Tuesday by C. H. Markham, president of the Illinois Central Railroad who took exceptions to what he termed a "campaign of abuse," by certain labor leaders.  
Mr. Markham, in a public statement to the employees of his road, criticized the testimony before a senate committee recently of Mr. Laucke, "of the railway employees department, American Federation of Labor," and others as being "without a shred of evidence." He further suggested that should his employees, after investigation find the testimony of their leaders to be unwarranted that they "as honest men publicly disavow the men who thus misrepresent you."  
Mr. Laucke in his statement tonight said that if President Markham and other railway executives hope to retain the loyalty and co-operation of their employees they should be scrupulous in ascertaining and stating the truth frankly, and openly.  
He said that the constructive policy of the railroads had only embraced three points which he classified as abusive attacks upon all those who speak for the employees, the reduction of railway wages and the grabbing from the public treasury of the largest sums obtainable.  
Such a "selfish, restricted and evasive policy," he added, "will not stand the test of public scrutiny and cannot long endure."

### CHRISTMAS MAILS HANDLED SPEEDILY

(By The Associated Press)  
NEW YORK, Dec. 22.—Postmaster Morgan announced today that the New York postoffice yesterday broke records when it handled 7,915,254 letters and 559,526 parcels. The postmaster has employed 2,500 temporary clerks to aid the regular staff of 15,000.  
Early Mailing Observed  
WASHINGTON, Dec. 22.—The postoffice department's injunction to mail early is being observed thruout the country with satisfactory results, the department announced tonight. Christmas mail handled up to Dec. 21, approximates an increase of about twenty per cent over last year, it was said. Only one or two post-offices show a slight decrease, reports to the department indicated while a considerable number reported about the same volume as last year.

### SEATTLE MURDER MYSTERY IS STILL PUZZLING POLICE

Fernand Hochbrunn, Aged Man, Found Dead  
in His Apartments—Has Been Dead Probably Two Months—Look for Person Who Has Been Drawing Income on His Property

(By The Associated Press)  
SEATTLE, Wash., Dec. 22.—Disclosures came with a rush today in the case of Fernand Hochbrunn, wealthy aged man found dead in his apartment here yesterday but none was adequate to solve the mystery of his slaying. Hochbrunn seemingly had been dead two months.  
First among the developments were a variety of facts connected with Miss Clara Elizabeth Skarin, who neighbors said Hochbrunn had described as a ward and who had lived in his apartment for a time. Miss Skarin whom the neighbors said had had access to the Hochbrunn apartment recently, was found by the police to be in reality Mrs. Robert Winborn, having married a barber of that name in Ann Arbor, Mich., about two years ago. The wedding was performed while Winborn was on his deathbed and pneumonia claimed him soon afterward.  
The woman left for San Bernardino, California, late in November, according to an aunt, Mrs. W. G. Batesman, who said she accompanied her niece to the train.  
The police discovered Winborn was dead when they began to unravel the circumstances following an attack made by a former Mrs. Winborn on Miss Skarin three years ago. In this Miss Skarin was wounded, her mother slain and the first Mrs. Winborn died by her own hand.  
Information that Hochbrunn was attacked by some unknown person about an equal time ago also was obtained by the police. Hochbrunn was said to have feared this assailant whom he knew. Meanwhile, all up and down the Pacific Coast, officers were searching for the person who signed Hochbrunn's name to telegrams and imitating the dead man's cigraphy has been obtaining the income from Hochbrunn's property for several weeks.

### INVESTIGATION OF FOOD PRICES TO BE STARTED

Daugherty Says President Retail Prices too High

(By The Associated Press)  
WASHINGTON, Dec. 22.—Federal investigation of retail prices charged in various parts of the country for food, fuel, shoes and clothing was initiated today by Attorney General Daugherty. He gave orders to Director Burns, of the bureau investigation of the justice department, to assign a force of men at once to the duty of obtaining data on retail prices in different localities. Mr. Daugherty declared that prices of necessary commodities were too high and that in some instances the profits of retailers were unconscionable.  
It would never be possible, he asserted to get prices down to the pre-war level but with wages lowered and the costs of food-stuffs reduced he was determined to learn whether the present badly proportioned retail prices should be maintained. Mr. Burns was instructed to put his men to work simultaneously to obtain the varied retail prices of general food-stuffs, such as meats, provisions, grains, bread and butter, fuel, shoes and clothing and to make schedules of the comparative prices.  
Reports will also be gathered on the wholesale prices of wheat, (Continued on Page Four.)

### Reason and Not Force Must Rule

(By The Associated Press)  
NEW YORK, Dec. 22.—Efforts to establish an international jurisdiction under any sanction of force have always resulted in failure, Vice President Coolidge told the New England society at its annual dinner today "but this cannot mean," he said, "that, as in domestic affairs, the rule of reason shall not apply."  
"This to me is the great hope of the Washington conference," he continued. "Unless thru the representative party bodies of the world, there can be provided security against the rule of force and a guarantee of the rule of reason, it cannot be provided at all," the vice president declared.  
"The problems of nations are to yield not to conflict but to conference, not to force, but to reason," he said. "One of the most difficult problems for the legislator of the present day," he declared later in his address, "is to distinguish between the advocates of private interest and public welfare. Unless this distinction be made, representative government as we have established it in America, has failed and the public authority will be vested not in the hands of those who are entitled to be designated as public officers, but rather in the hands of those privately selected to serve a special interest."  
"There is little danger that modern parliamentary bodies will fall under the domination of the most powerful of executives. If action be wise there must be leadership, if it be effective there must be organization but always as the result not of prejudice, not of coercion, but of reason. There must be no domination either of one man in office or ten thousand supposed men at the polls."  
"This standard is maintained thruout America to a much greater extent than the public may suppose."

The suggestion that there be no further issuing of tax exempt securities was given another boost by the statement of Mr. Carlstrom, member of the state tax commission. Personal property valuations have decreased \$25,000,000 by comparison with 1920, and Mr. Carlstrom says that this is due very largely to the fact that such immense sums have gone into the purchase of non-taxable municipal and government securities.

Developments in various cities in connection with the enforcement of prohibition laws give proof that there are real teeth in the Illinois prohibition enforcement act. One of the strong features is the ease in which an in-

junction may be secured applying to a place where liquor is sold and effective for a year at least. This feature is given added force by the recent finding of the U. S. supreme court recognizing the rights of states in the issuance of injunctions to bring about law observance.

The Chicago board of trade directors are evidently not seriously disturbed by the thought that national legislation may put their organization out of business. A plan has just been adopted by the board providing a tax on all transactions and it is estimated that the tax thus collected in a five year period will be sufficient to pay the cost of a commodious new board of trade building.

People generally credit Attorney General Daugherty with the sincere purpose of conducting his department in the interest of the people. Even so they will not attach vast importance to the investigation of retail prices that has just been announced. The memory of numerous fruitless price investigations still lingers.

Another argument against the cancellation of the huge foreign debt is the wholesome respect for America that these debts carry with them. The individual who is carrying heavy loans feels less independence of action than the individual wholly debt free.

The same principle applies to nations. If all the foreign debts were cancelled the generous action on the part of the United States would be forgotten when this generation has passed along. But a debt providing for repayment at a low rate of interest, running thru several decades, will help maintain the United States in an influential position, at least with the debtor nations.

H. G. Wells, novelist and historian, sometimes called the most read man in the world, in an article recently referred to "my friend, Charlie Chaplin." The statement would indicate that Mr. Wells, the man of literary tastes, has something in common with Charlie Chaplin, the screen comedian.

Then there are the stories of travel written by Charlie Chaplin, and these too indicate a more serious side to the actor's life. So it is quite possible that Chaplin has a dual personality—that he is a thoughtful, serious-minded person of literary bent part of the time and in the other hours as a matter of business develops the screen antics that have made him famous.

TO RELIEVE UNEMPLOYMENT  
As the result of the nation-wide

effort to do as much public work during the winter season as is possible, Minnesota has informed the President's Conference on Unemployment of its winter highway work program designed to relieve idleness and to spread needed betterments thruout the state. This is in line with Secretary Hoover's declaration that much outdoor construction can be done during the colder months if properly planned in advance, and follows the lines laid down in Canada already, to relieve existing unemployment there.

Minnesota's outlay of \$2,500,000 calls for gravel surfacing, distribution of materials, rock crushing, and heavy excavating.

In Canada, where the winters are more severe than they are even in the northern portion of the United States, much outdoor winter work is done to relieve seasonal unemployment. Sewer, work in rock, tunneling, deep excavating, heavy cuts, and fills, concrete construction, and construction work in swamp sections, are among the other activities of the winter.

## JACKSONVILLE WINS FROM MURRAYVILLE

Outclass Visitors and Win By Score of 49 to 16—Locals Show Excellent Team Work During Fray.

Jacksonville High defeated Murrayville High at basketball in David Prince gymnasium Thursday evening, the final score being 49 to 16 in favor of the locals.

Murrayville presented a team of light men, most of their team of last year having graduated. The result was the locals had a big advantage in size and weight as well as in experience.

There was never any doubt about the result of the game after the first few minutes of play. During the closing minutes of play Coach Mitchell sent in a number of second string men who also caged a few baskets.

Coach Mitchell's squad showed greatly improved form over that shown in the game with Camp Point and should make any team in this section hustle to win. The floor work was good and the men displayed an excellent quality of team work always getting the ball to the man who had the best shot for the basket.

Especially commendable was the offensive work of Putnam, Goebel and Hunter, while Hunt and Arter did excellent work in the guard positions. Nunes, Harrison, Benson, Lewis, Hopper, Hackett and Johnson who went in late in the game also gave evidence of basketball ability and will make a strong reserve for Mitchell.

Doyle, I. Riggs and Carlson scored Murrayville's points while P. Riggs and Mawson did some shinning over silver cloth and is considered what they were up against.

Prior to the regular game a curtain raiser was played. It was to have been played between the David Prince five and a Franklin team. Franklin was late in getting here and a high school five took Franklin's place. David Prince won by a score of 12 to 9.

## ILLINOIS FOOTBALL BANQUET IN CHICAGO

CHICAGO, Dec. 22.—Members, coaches and trainers of the University of Illinois football team were guests of honor tonight at the third annual dinner of the Illinois Club of Chicago.

Fred Lowenthal, of the Class of '01, was toastmaster. Tributes were paid the team by George Huff, director of athletics; Robert Zupke, head coach; Harvey T. Woodruff, sports writer and Judge M. L. McKinley.

## SCHAEFFER WINS EXHIBITION MATCH

PHILADELPHIA, Dec. 22.—Taking the final block of his 30-200 point match with Roger Conti, French billiardist, Jake Schaefer, Jr., world's 18.2 ball-line champion easily won the match tonight with a total of 2,988 points to 2,120 for Conti. The Frenchman took the afternoon block 400 to 281, but dropped the final block 183 to 400. Conti's high run for the day was 110 while the best Schaefer could do was 108. Schaefer won six of the eight blocks played.

## COON RUN DRAINAGE DISTRICT CASE CONTINUED

The Coon Run Drainage case was continued by Judge Samuel until January 16. Several of the objections were overruled and the others were taken under advisement. It is the hope of some of those most largely interested in the enterprise that an agreement may be reached on the points of difference before the next hearing.

## FORMER RESIDENT IS HERE FROM DETROIT, MICH.

John Sidney Johnson, a former resident of this city, but now of Detroit, Mich., is here for a visit with his aunt, Mrs. Sarah Preston on North Church street. The young man is now in charge of the entire credit department of the Detroit branch of the P. F. Collier & Son publishing company. This is one of the main offices of the company and the position Mr. Johnson fills is an important one. The business of this great concern has shown a substantial increase in the past year and future months promise even gratifying growth. In speaking yesterday of the Michigan city which is now his home, Mr. Johnson told of a Methodist church which is being erected there now at a cost of approximately \$2,000,000. This is to be a community church and will fill an important place in the religious life of the city.

## TREMBLETT FUNERAL TO BE HELD SATURDAY

Well Known Railroad Man Dies Thursday—Conductor on C. & A. for Over Forty Years

Funeral services for George H. Tremblett, who died at his home in the Cherry apartments, Thursday noon, will be held at 10:30 o'clock Saturday morning, from the Reynolds' funeral chapel. The Knights Templar will be in charge of the services. Interment will be in Diamond Grove cemetery.

Mr. Tremblett was one of the oldest and best-known conductors on the Chicago & Alton railroad. He had been employed on this road almost as long as he had lived in this city, more than forty years.

He was born Dec. 24, 1854, in New York city and moved to Illinois as a boy. In his earlier days he had a run between Bloomington and Kansas City. Later he went from Roodhouse to Kansas City and was widely known by trainmen thruout this section.

Altho much of his time was spent on the road, he was very active in local fraternal orders and had a large circle of friends here. He was a member of Hospitalier Commandery, Knights Templar and of the Ancient Order of the Mystic Shrine.

His death was due to double pneumonia, following a bad cold contracted several days ago. He was ill only three days.

He leaves his wife, and three children, Mrs. Elsie Rehlander, Lincoln, Neb.; Mrs. Gus Surlock, Des Moines, Ia., and Verne King Tremblett, of Chicago.

SLIPPERY WEATHER CAUSE OF ACCIDENTS

The slippery weather was the cause of several accidents yesterday. Cars without chains were almost uncontrollable and there were many narrow escapes.

C. E. Williamson was one of the victims. His Liberty six skidded on South Main street and ran up into the boulevard, smashing one rear wheel. The Berger motor ambulance had to tow it to the garage.

Capps' truck and Dr. Norris' automobile collided but no one was injured. The machines were slightly damaged.

## HENRY WATTERSON PASSED AWAY AT JACKSONVILLE, FLA.

Emancipator Journalist Dies After Brief Illness of Heart Trouble

(By The Associated Press)  
JACKSONVILLE, Fla., Dec. 22.—A simple service attended only by members of his family will mark tomorrow the funeral of Henry Watterson, journalist and soldier who died early today at a hotel here. The body will rest in a vault here until spring when it will be taken to Louisville, Ky., for burial in the family plot in Cave Hill cemetery.

Henry Watterson, Jr., announced that because of the health of his mother it had been decided that it would be in advisable for her to go to Louisville during the winter and for that reason the body of "Marse Henry" would rest here until spring. Hundreds of messages of condolence were received today by Mrs. Watterson from old friends of Colonel Watterson and from newspapermen in all parts of the country, who were trained under "Marse Henry."

Colonel Watterson, who with his family came here from Louisville three weeks ago to spend the

winter, passed away as the result of heart trouble, superinduced by bronchial congestion, after an illness of only a few hours. With only their son and daughter and several grandchildren present, Colonel and Mrs. Watterson celebrated their 56th wedding anniversary in their apartment Tuesday.

During the day Colonel Watterson contracted a slight cold which was not regarded seriously but yesterday forenoon he suffered an acute bronchial attack and was ordered to bed immediately by his physician.

Colonel Watterson suffered very little, but was in a comatose condition the greater part of the time from early in the evening until the end.

## INVESTIGATION OF FOOD PRICES TO BE STARTED

(Continued from Page One.)  
beef and meats of all kinds in order, Mr. Daugherty explained, that comparisons may be made of the cost of these commodities with the prices charged by the butchers and grocers.

Action to remedy price conditions, Mr. Daugherty declared, would be taken thru several channels.

In the main, he said, the situation was a local one and the states would be asked to do as much as they could to solve it with federal co-operation.

Secretary Hoover he added would be invited to join with the justice department in its effort to lower prices while it was believed that the publication of the comparative wholesale and retail prices would do much to remedy high prices by conveying to the housewives of the country accurate knowledge of actual conditions.

Organizations of retailers in different parts of the country were blamed by Mr. Daugherty for high prices. These associations, he declared, were formed "by smart men who sold a scheme to defeat the laws of the country by perfecting an organization for fixing prices which concealed its real purpose under the declaration of a desire to help competition."

Mr. Daugherty declared himself as unqualifiedly in favor of trade organizations which confined their services to the public, but asserted they would not be allowed to fix prices or apportion territory among their members, thus stifling competition.

Mr. and Mrs. L. E. Dalton of Nortonville were in Jacksonville Thursday on a shopping tour.

Walter Adkins of Prentice paid Jacksonville a visit Thursday.

## PROHI RAIDS IN WISCONSIN MAY BRING ON RIOTS

Cun Fight and Arrests is Cause of Situation

(By The Associated Press)  
ANTIGO, Wis., Dec. 22.—Practically the entire federal prohibition enforcement detachment in Wisconsin, under Sam Randolph, United States marshal, was on the way to Antigo tonight to take charge of the threatening situation that has developed from the fatal shooting of Julius Wurzer, alleged moonshiner, in a gun duel with federal dry agents at a lonely cabin in the forests near Elton today.

With one of the alleged moonshiners dead and two of his companions in jail here, fragmentary reports were received Thursday night stating that other moonshiners, of whom there are believed to be a considerable number in the forests of Langlade and Forest counties, were considering a bold stroke to release the two men and avenge their dead comrade.

Such a movement, it is believed, might enlist the support of a considerable number of hardy woodsmen, but weather conditions were declared by officials Thursday night to be highly adverse to any such development.

## ASSETS OF RAILROAD ARE ORDERED SOLD

(By The Associated Press)  
CHICAGO, Dec. 22.—Assets of the Aurora, Elgin & Chicago Railroad company were authorized to be sold at auction by Special Master Charles B. Morrison in a decree handed down today by Federal Judge Evan A. Evans.

The ruling is in foreclosure proceedings brought by the Northern Trust company and the General Electric company.

The decree states that the principal and interest due on bonds and coupons issued by the railroad company aggregates \$5,589,963.40. Joseph K. Choate will continue to act as receiver until the sale is consummated.

The sale will include all properties of the railroad except what is known as the Fox River division.

The receivership has been in effect since August, 1919, when suit was brought by the General Electric Company a judgment creditor.

## INVITE LEWIS TO DEBATE QUESTION

(By The Associated Press)  
DANVILLE, Ill., Dec. 22.—President Frank Farrington, of District 12, Illinois Mine Workers' union, and President John H. Walker, of the Illinois Federation of Labor, addressed the convention of Sub-District Three, in session here today.

Later the convention sent a telegram to International President John L. Lewis, inviting him to attend the convention and debate the Kansas situation with Farrington.

Resolutions were adopted upholding Alexander Howat and August Dorchy, president and vice president of the Kansas miners, now in jail in that state, and pledging the financial and moral support of this sub-district in their fight against the Kansas law and the international union officials.

Tonight no replay had been received from President Lewis.

## COURT HOLDS THAT MERCANTILE EXCHANGE IS NOT RESPONSIBLE

Impossible For a Broker to Make No Delivery

(By The Associated Press)

CHICAGO, Dec. 22.—The rules of the Chicago Mercantile Exchange have made it impossible for a broker to make no delivery. Judge George Rush declared in circuit court today during the hearing of the merits of the suit for an injunction against the exchange. The injunction suit, brought by Barney Kaufmann and Sidney Jacobs, produce dealers, asks that the exchange be restrained from dealing in futures when no delivery is intended.

"The broker has to put up his money and go thru with the sale," Judge Rush said. "As far as outsiders are concerned there is no question that speculation takes place. But the exchange cannot be held responsible for that."

Eugene Bamberger, attorney for Kaufmann and Jacobs, argued that the rules were all right but that they did not prevent speculation and gambling.

The hearing will be continued tomorrow.

## NOTHING FEARED FROM VOLCANO

Only Active Volcano in United State Emits Smoke and Steam So Long as Gas Escapes There Will be no Eruption.

REDDING, CAL. — Eruptions are not liable to occur at Lassen Peak, the only active volcano in the United States proper, as long as the mountain continues to emit smoke and steam, as it is now doing, according to M. E. Littmar, geologist and authority on conditions in the Lassen section here.

Dittmar, known as the "father" of Lassen National Park, which includes the volcano and the country surrounding it, recently returned from an extensive tour over that section.

The action of the volcano, the geologist declared, is similar to that of a steam boiler. As long as steam can escape there is not any danger of an explosion but if the steam is confined and cannot escape, the pressure gradually increases until finally the boiler

blows up, just as the top of the mountain blows off if gas and steam inside is confined.

There is a great deal of steam and gas coming from the crack in the mountain, Dittmar reported. Before the big eruption of 1915 there was very little steam emitted.

Several geysers have made their appearance since the eruption in what is known as the Devil's Kitchen, one of the noted spots in the park. In the Devil's Kitchen there are between 60 and 800 active hot springs, boiling mud craters and geysers within an area of twenty-five acres. Some of the geysers force boiling water several feet into the air and eject steam to a height of several hundred feet.

Boiling waters from the Kitchen flow into the icy cold waters of a nearby stream which has been named the Rivulet Styx. A scenic highway is proposed thru the park, touching the Devil's Kitchen, the Rivulet Styx and giving a view of the mountain.

### MANY STATE

**BANKS IN STATE**  
Springfield, Ill.—(By A. P.)—There are now 1,398 state banks in Illinois, 67 of them in Chicago and 1,735 down state. Four new banks were added in November, and one Chicago bank doubled its capital stock.

Increase in capital stock of the Citizens Trust and Savings bank of Chicago from \$100,000 to \$200,000 was authorized.

### SHOES ARE RECIPE

FOR GOOD LOOKS

Iowa City, Ia.—(By A. P.)—Shoes that conform to the shape of a woman's foot are a recipe for continued good looks and youthfulness advanced by Marion R. Lyon, head of the physical education department for women at the University of Iowa. In a talk before all the freshmen women of the university Miss Lyon took the stand for low heels and broader toes with shoes conforming to the feet and not feet squeezed out of shape by the shoes.

"Tight shoes will put wrinkles in the face as well as the feet," declares Miss Lyon. "They have a great deal to do with posture, too. No woman can walk properly when her feet are cramped in an exceedingly uncomfortable position."

Miss Lyon made the surprising statement that over ninety per cent of the university women students have curved spines or poor postures. Much of this could be corrected, she said, if the girls would persistently practice the exercises for curved spines, sunken chests, and round shoulders.

### MURDERER IS TO BE HANGED

WEST FRANKFORT, Ill., Dec. 22.—John Savant, convicted of murder in connection with the death of Fritz Heick, aged twenty at Valer, a year ago, was today sentenced to be hanged on Feb. 4. The sentence is the first of its kind ever passed within this county.

During his time in jail here, pending the sentence, Savant has continually refused to mingle with other prisoners.

### FRENCH WORKS OF ART PRESENTED

New York.—By The A. P.—Seventy-one works of art by living French artists have been given to museums in this country and Canada during the year by the Committee for the Diffusion of Modern French art. Twenty-eight other paintings soon are to be offered to American museums, the Committee announced, 26 of them donated by Otto H. Kahn.

The two others are "Terrasses" by Mameri, the Mussulman painter, the gift of Marshal Lyautey, official French representative in Morocco and Boucart's "Le Port de Mornac."

Among the canvasses collected by Mr. Kahn is one by Grassin, the artist who learned to draw with his left hand after losing his right arm in the war.

### WASHINGTON AND ST. LOUIS NOT TO MEET

ST. LOUIS, Mo., Dec. 22.—Washington and St. Louis universities will not meet on the gridiron next Thanksgiving day. It will be the first time in eight years that the schools will not stage their annual Turkey day game here.

The athletic council of Washington university voted to discontinue the struggle between the local elevens. Washington won six of the eight games played, St. Louis one and the other was a tie. The game decided the city championship.

The action of discontinuing the contest came after several years of agitation by the Washington student body which urged that the Fikkers climax their football season on Thanksgiving day. The student body claimed that St. Louis made the classic the peak of the season, whereas Washington met strong Missouri Valley Conference elevens previous to the Billiken clash each year.

Washington has scheduled a game for Nov. 4 with the Billikens to replace the cancelled game.

**STILL MARKET FOR BARLEY GROWERS**

Experiments Have Shown Its Great Value as Stock Feed—Just as Much Raised as Before Prohibition.

RACINE, Wis.—By The Associated Press.—What happens to the barley the brewers used to buy?

What was the fate of one of the most important grain crops of the United States, formerly used as a foundation in the manufacture of malt liquors, the special market for which was, theoretically at least, destroyed by the late passage of the Volstead act describing beer as an intoxicating liquor prescribed under the Eighteenth Amendment?

An investigation made here by the Wisconsin Agriculturist shows that there has been practically no reduction in the acreage of barley planted since prohibition was adopted. The crop in the United States this year was shown to be 167,000,000 bushels, compared with 171,000,000 bushels the year before and a five year average of 208,000,000, the reduction not being due to any cutting down of acreage but to an unanticipated crop failure. The agriculturist reports that the new market for this grain is a contribution to the farmer by the agricultural schools of the midwest.

Anticipating that the stoppage of the manufacture of malt liquors would be to a great extent do away with the barley market, the Agricultural Colleges of Illinois, Indiana, Iowa and Wisconsin began a series of tests to determine the feed value of the grain. These tests which have been continued in combination for three years have demonstrated that barley is a valuable stock feed, that it contains more protein than corn and more carbohydrates than oats, lacking only slightly in fat content.

In feed value, the experiments have shown that an acre in Illinois will produce 339 pounds more actual digestible feed if planted to barley than if planted to oats. In Indiana, the barley produces 299 pounds more feed than oats, in Iowa 246 and in Wisconsin, 286, according to the report.

An experiment conducted by J. G. Fuller, beef cattle expert of the Wisconsin College of Agriculture, showed that a steer

With the disposing of the steers in the fall, it was found that those fed on barley had gained their flesh at a cost of \$24.01 per hundred pounds and those fed on corn \$27.4 cents per hundred.

**WOODSON RESIDENT IS CALLED BY DEATH**

Mrs. Susan Eliza Henry Passed Away Thursday Afternoon After Extended Illness—Funeral Services Tomorrow.

The death of Mrs. Susan Eliza Henry, which occurred at the family home in Woodson at 2 o'clock Thursday afternoon, removed one of the best known residents of the Woodson community. Mrs. Henry had been ill for a number of weeks and her condition in recent days had been such that death was not unexpected.

Mrs. Henry was born near this city on Nov. 9, 1849, but in her early girlhood the family removed to Woodson, which has since been the home of the deceased. On Dec. 3, 1868, she was united in marriage to Charles E. Henry, who preceded her in death six years ago. They were the parents of seven children, one of whom, Raymond Henry, passed away at the age of a year and five months. The surviving children are E. E. Henry, J. W. Henry and F. A. Henry. Woodson; Mrs. Laura Green, Modesto, J. L. Henry, Jacksonville and Mrs. Lucy Ransdell of Woodson.

The deceased was a charter member of the Woodson Christian church, having united with that organization in September, 1868, during the Rice-Oshorne revival services. Her life was one wholly in accord with the highest Christian ideals and her death brings to family and friends a sense of great loss. Devoted to the welfare of family and friends, Mrs. Henry also took an active interest in various community enterprises, and her life was one which exerted a wide influence.

Funeral services will be held from the Woodson Christian church at 2 o'clock tomorrow afternoon, in charge of Dr. G. W. Miller and Rev. I. H. Fuller.

**HORSE SHOES FEWER IN NUMBERS NOW**

A number of farmers who were in the city yesterday were talking about the difficulty they now have in getting their horses shod. This conversation was the result of the icy roads and pavements, which made it difficult for horses to stand. It is a fact that only few people recognize that there has been a great decrease in the number of blacksmith shops in passing years.

Even in some of these horse shoeing is not done nowadays because of the slender demand. In some of the smaller towns the blacksmith shops which used to flourish have been entirely discontinued. The increase in the number of automobiles, trucks and tractors has brought about this result and the number of men who understand horse shoeing is rapidly dwindling.

MANCHESTER GIRL  
IS DECEMBER BRIDE

Friends of Miss Olive Walker Surprised to learn of her marriage to Claude Martin of Roodhouse Other Manchester News.

Manchester, Dec. 22.—Friends of Miss Olive Walker of this city were very much surprised Thursday to learn of her marriage to Claude Martin of Roodhouse, which occurred Sunday afternoon. The ceremony was performed by Rev. Fred Peak at 2 o'clock Sunday afternoon at his home in Jacksonville, and was witnessed by Ernest Simmons of Roodhouse and Miss Bertha Thady of Manchester. Mr. and Mrs. Martin had intended to keep the news of their marriage a secret for a week or two but their plans went awry.

The bride is a daughter of Mr. and Mrs. Edward Walker of this city and is one of the popular young women of the community. For the past three years she has been employed at the Charles Smith store in this city.

Mr. Martin was formerly a resident of Manchester. He served for eighteen months in the overseas army of the U. S. and since his return from France has been employed as bookkeeper in the First National bank of Roodhouse.

Mr. Martin and his bride are members of the Baptist church and have been active in various departments of church work. Both have many friends in this community, all of whom will unite in extending congratulations and good wishes. They will be at home to their friends after January 15 in Roodhouse.

**News Notes**  
Mr. and Mrs. Jeff Seal were Springfield visitors Thursday.

Mrs. C. D. Chapman was a Jacksonville shopper Wednesday.

Mr. and Mrs. I. N. Swartwood of White Hall and Mrs. Floyd Hazelwood and baby of Rolla, Mo., spent Tuesday and Wednesday with Mrs. Nettie Blackburn and family.

Mrs. Ethel Rousey spent Monday in Roodhouse, with her brother, who is ill.

Fannie, little daughter of Mr. and Mrs. Fred Peak, has been very ill with symptoms of pneumonia, but is now improving in a gratifying manner.

Alleen and Lyndell Johnson, daughters of Mr. and Mrs. Alden Johnson, are quite ill, threatened with pneumonia.

William Mehrhoff of Barrow is here for a visit with his daughter, Mrs. Priscilla Stephens.

Mrs. John Thomas of St. Louis arrived Thursday to spend the holidays with Mrs. Ella Heaton and other relatives.

Mr. and Mrs. W. G. Day went to Carrollton Wednesday to attend the funeral of Mrs. Day's uncle, William Adams.

Mrs. Lennie Goacher of Jacksonville spent Tuesday and Wednesday with relatives here.

Rev. I. H. Fuller of Woodson will fill the pulpit at the Christian church here next Tuesday evening, Dec. 27.

**MINSTRELS COMING TO THE GRAND**  
Manager Gus Hill, whose enterprises this season will be limited to two or three productions makes the important announcement of the consolidation of the late George Evans Honey Boy minstrels and his own blackface organization which has scored such a triumph during its reign the past six years. The result has been one aggregation surpassing anything of its calibre or style offered to the American public for decades. The unity of these two stellar burnt-cork institutions was only brought about a short time ago.

The cream of talent headlining both organizations has been mustered into one troupe, forming a unity of forty stars who are already making minstrel history. Instead of the time honored routine of other days the new show will introduce a style of entertainment superior to the ultra conventional which one usually expects in affairs of this kind.

There will be bits, travesties, reviews, novelties, surprises, real song hits, real music syncopated and straight, melodies that linger; vocalists who know how to utilize their golden gifts to the best advantage; frolic, revelry, contagious laughter, wit, repartee, fun, and all bon mots embracing a fine de siecle entertainment. In addition there will be a spectacular street pageant which from all accounts is a host in itself. This exceptional show will be the attraction at the Grand Monday afternoon and evening.

**HAD PART IN PROGRAM AT MORTON SCHOOL**

In the account of the Christmas entertainment given at the Morton school Thursday afternoon one feature of the program was omitted. This was "Dorothy and the Fairy," with Leanna Clemens taking the part of Dorothy. The piano solo, "The Fairy's Music Box," played by this little girl was no small contribution to the afternoon's program.

The range of men's neckwear shown by Frank Byrns is so well selected that any one can be pleased.

Ralph Meglison was an arrival in Jacksonville yesterday, from Woodson.

Let every member of the Epworth League put their "shoulder to the wheel" and boost the Mid-Winter Epworth League Institute. Numbers and unity are essential for success.

BEFORE CHRISTMAS

Another year has glided by, and Christmas now is near; We love to hear the joyous cry Of greetings and good cheer.

The merchant is a busy man, He greets you with a smile; Displays his goods as best he can To make a sale worth while.

The frantic shoppers wend their ways Amid the throng "Up Town," "Just looking," till the last few days, In hopes the price will come down.

The wary clerks go to and fro Trying to please each one, Then finally submit in the depths of woe.

With the knowledge, "It can't be done," Preparations and shopping are almost thru.

For the joyous day is near May the Christmas spirit, so sweet and true Prevail thruout the year.

—L. Clair Baker.

ELMER MITCHELL WILL LEAVE HOSPITAL

Elmer Mitchell of Alsey, who has been in Passavant hospital since July 4th, for burns received from a live wire, will return to his home soon after Christmas. He will visit relatives in this city on Christmas day. Richard Coultas of Riggs has returned to his home from the hospital.

KIWANIS CLUB HEARD CHRISTMAS STORIES

Rev. George E. Stickney Made Timely Address—Brief Talks from Other Guests.

Rev. George E. Stickney, pastor of the Congregational church, made an address before the Kiwanis club at the Thursday noon luncheon. As appropriate to the season, Mr. Stickney told two Christmas stories which the Kiwanians thoroughly enjoyed.

The speaker was introduced by Dr. Garm Norbury, who was chairman of the program for the day. Other guests of the club, and who were introduced by President Farrell, were David Davidsmeyer and Lieut. Edward Alexander of the U. S. navy, James Barnes, who is here from Harvard law school, and J. W. Hubble.

Lieut. Alexander and Mr. Barnes both made brief remarks. Mr. Stickney's first story was "The Land of Dreams" built upon a legend about a great cathedral whose chimes were not to ring forth until a perfect gift had been found for the Christ child. The world was searched for rich gifts but as the story developed it was found that a little lad who gave his small coin to relieve the suffering of a woman poor and cold, had made the perfect gift.

The second story was a review of Henry Van Dyke's well known "The Other Wise Man." That is a tale written in Dr. Van Dyke's inimitable style in which the true spirit of giving is glorified.

Lieut. Alexander is still in the navy service, altho he has been assigned to Harvard university and is taking a special course there. He gave an interesting picture of life at the university.

Mr. Barnes told in picturesque language of the football victory of Centre college over Harvard and said the small Kentucky institution players won their victory because of superb team work. Mr. Barnes has a gridiron record himself and his knowledge of the game made his story of this particular contest the more interesting.

Before adjournment announcements were made by President Farrell with reference to Christmas baskets for needy families.

RATE COMMITTEE OF C. OF C. MADE REPORT

Directors Had Conference With Supt. Gray Thursday Night — Will Meet Again at Early Date.

Directors of the Chamber of Commerce at their meeting last night received report of the special committee on gas and electric rates and the committee was discharged with an expression of thanks for the work done.

R. Y. Rowe, president of the Chamber of Commerce, presided and the report of the light committee, which included J. Weir Elliott, F. E. Farrell and John S. Hackett, was read by Secy. Harold Welch. The report gave a compilation of prices charged for gas in a number of cities and mentioned electrical rates in other cities, and presented a statement from W. N. Hairgrove, who recently visited the Hannibal, Mo. plant on behalf of the committee. R. H. Gray, superintendent of the Jacksonville Railway & Light Co., was present by invitation and there was a frank and cordial discussion of matters relating to the desired reduction in the electric and gas rates.

When the meeting adjourned it was with the understanding that another conference will be had at a comparatively early date, and it is hoped that something satisfactory to the patrons of the utility company can be worked out.

The committee report made reference to 6-cent rate for electricity which is now in force in Springfield, and gas rates running from \$1.40 net per 1,000 down to as low as \$1.20 net. Electric rates applying to Winchester were also quoted. Gas rates were also quoted for Mt. Vernon, Sterling, Canton, Mendota, Clinton, Danville, Hoopston, Pekin and a number of other cities the rates varying from \$1.40 to \$1.85.

In concluding the report the committee stated that many of the rates now in effect are what is termed "war time" or emergency and are likely to be reduced in the near future, and further the committee stated "We recommend that you take such steps as you may think necessary in order to find out what would be a fair charge for the local utility company to make in Jacksonville under present conditions."

CLUBS AND SOCIETY

Gave Dinner for Bridal Party

EARLY INSTITUTION DAYS ARE RECALLED

Col. Whipp Writes in Interesting Vein of Three Institutions Located in This City.

The Illinois Blue Book just issued Col. Frank C. Whipp, assistant director of the state department of Public Welfare has the following to say about the establishment of the three state institutions here:

"Eighty-two years ago the first institution of the charitable group was created, the School for the Deaf at Jacksonville. The school opened with only two pupils in attendance. Its present enrollment is over 400.

"The third state institution established is what is now known as the Jacksonville State Hospital for the Insane, created over seventy-four years ago thru the efforts of Miss Dorothy Dix of New Jersey, who visited several of the states, advocating the creation of state hospitals for the insane where these people could have humane care. In her memorial to the Legislature she described some horrible conditions found among the insane of this state at that time.

"The first year this hospital admitted 27 patients, but now it has over 2300 actually present, while the total insane population in all of the state hospitals is almost 17,600.

The School for the Deaf at Jacksonville was the fourth institution established shortly after the creation of the Hospital for the Insane. The reformatory at Pontiac is over fifty years old and the penitentiary at Chester was established about forty-five years ago. Later came the Feeble-Minded institution at Lincoln, the Soldiers' Orphans' Home at Normal and hospitals for the insane at Elgin and Anna.

"The creation of institutions continued, from time to time, until the last one, which is known as the Illinois State Farm for the Training of Misdemeanants, was located at Vandalia."

CAMPAIGN SUCCESSFUL AT NEBRASKA WESLEYAN

President Harker was much interested yesterday in receiving a report from Nebraska Wesleyan that a campaign there for \$1,375,000 additional endowment has just come to a successful close. Agricultural and business conditions generally are so much depressed in Nebraska and in the area that is tributary to the university that the successful completion of the campaign is counted as an especial accomplishment, and indicative of the way in which people generally are realizing the importance of educational efforts.

COUNTY WARRANTS READY FOR PAYMENT

A notice in another column indicates that warrants will be ready in the office of County Clerk Riggs today for all bills approved by the county board. It is customary to have the warrants ready on the final Saturday of the December term, but because of the approach of Christmas the work was hurried along by the commissioners and clerks and the warrants will be ready a day earlier than is usual.

## NEW MEAT MARKET IS OPENED IN BLUFFS

Strickler & Strickler to Sell Meats  
In Connection With General  
Store—Mrs. Rockwood Holds  
Public Sale—Other News From  
Bluffs.

Bluffs Dec. 22.—Bluffs has  
once more two meat markets.  
Strickler & Strickler have open-  
ed a first class market in the east  
room of their general store and  
all have on sale at all times both  
fresh and salted meats.

Mrs. Clark Taylor and daugh-  
ter Eleanor were visitors in

The public sale held at the Mrs.  
Ella Rockwood home south of  
town Wednesday was well at-  
tended and things brought fair  
prices. The best milk cow with  
young calf brought \$64. Timothy  
hay sold at \$16 per ton and the  
total receipts were \$969. The  
sale was held for the purpose of  
selling off the surplus stock and  
farm implements as Mrs. Rock-  
wood will move on her farm  
known as the "Crawford" farm in  
March and will farm on a smaller  
scale. For the past eight years  
she has resided on the Jess Bur-  
bank farm owned by Henry Van-  
dier, Ezra Little and family will  
take up their residence in March  
on the farm to be vacated by  
Mrs. Rockwood.

## First Photo of "Mutsu," Japan's Mightiest

This is the first photograph to reach the United States of the "Mutsu," Japan's latest man-o-war. Japan was allowed to save it from the scrap pile under the "5-5-3" agreement largely through sentiment. School children helped to pay for it with their pennies. Japanese designers and workmen built it and the materiel was entirely furnished by Japan. It travels 23 knots an hour, has a tonnage of 33,800 and is equipped with eight 16-inch guns.

## HORSE IS COMING BACK IN CITIES

This Is Belief of Head of Horse  
Association of America — Is  
Cheaper Than Trucks.

CHICAGO.—By the Associated  
Press.—The horse is coming back  
in the big cities, according to  
Wirth S. Durham of Wayne, Ill.,  
president of the Horse Associa-  
tion of America.

"There has been a tremendous  
change in public opinion in favor  
of the horse," Mr. Durham said.  
"Chicago is using 3,000 more than  
last year. Philadelphia shows an  
increase of 25 per cent and in  
New York also the horse has made  
gains."

Mr. Durham declared that the  
most complete cost system his as-  
sociation has been able to obtain  
made by one of the biggest of Chi-  
cago's department stores, showed  
a saving of \$4,000 a year in favor  
of horses.

The president of the horse as-  
sociation called attention to needs  
of the horse in road building. "In  
the east the good roads system is  
getting to improvement of local

roads," he said, "and roads are  
being put in without reference to  
the horse. No provision is made  
for him on the side of the hard  
surface. The position of the horse  
in agriculture as a form of power  
and a source of pleasure demands  
that some attention be given him  
on the roads."

There is great need for pro-  
duction of better horses, Mr.  
Durham noted.

## SCHOOL OF RELIGION

### IN-DOOR PICNIC

The School of Religion inaugu-  
rated last October, under the au-  
spices of the three local Methodist  
Episcopal churches, and number-  
ing four instructors and about  
seventy students enrolled, will  
give an indoor picnic to its friends  
in the gymnasium of the Illinois  
college, next Tuesday evening at 6  
o'clock. Every member of the  
school is expected to invite one  
or more guests, who are not mem-  
bers, and provide a luncheon for  
himself and guests, consisting of  
sandwiches and one other dish  
according to taste. The college  
has kindly volunteered to furnish  
liquid refreshments. The lunch  
will be served cafeteria style and  
no charge will be made. The  
luncheon will be followed by an  
extemporaneous program consist-  
ing of toast, yells, songs and  
stunts, and libitum until 7.30  
o'clock, when the classes will be  
held in the regular class rooms,  
to which all guests, as well as  
members are invited. This experi-  
ment in a School of Religion is  
being watched with much inter-  
est, and if successful promises to  
become a city-wide movement.  
The committee in charge of the

picnic next Tuesday evening con-  
sists of Thomas Hopper, Mrs.  
Claude Vail and G. W. Randle.

## CHAMPION CORN MAN IN SANGAMON

J. L. Workman of Maxwell Raised  
Ears That Won Grand Cham-  
pion Sweepstakes—Has Never  
Seen Perfect Ear of Corn.

SPRINGFIELD, Ill.—By The Associated Press.—Rich soil of Sangamon county, which in Indian dialect meant "Land of Plenty," and long years of careful seed selection, produced the corn, this year, which brought to Illinois last week, the 1921 grand champion sweepstakes prize of America.

Only a country store, a grain, three farm houses and a muddy road mark the railroad station of Maxwell, 23 miles southwest of Springfield, where the ten ears of yellow corn were raised which won the grand championship.

From the decrepit railroad station westward, stretches the land of J. W. Workman, producer of this champion grain, the son and grandson of corn growers. His corn was awarded the championship in Chicago, at the International Grain and Hay Show.

Years of careful seed selection, his excellent land, the rotation of corn with alfalfa or clover pasture, are the three outstanding elements in his success.

Farmers about Workman's home, say the honor came of hard work, and his wife adds—"enthusiasm that kept him out of bed at night while all the rest of us slept," pouring over his grains with the same rapture that hold a miser.

"I'm a crank," Mr. Workman said. "You can't raise prize corn

for twenty-five years and not be a crank."

Yet for all his corn growing and prize winning he has never seen a perfect ear of corn.

"Never," he said, "have I seen a perfect ear. Not out of the ten ears I sent to Chicago was perfect. All I could do was take the very best I had and hope they would stand up beside the others. In every ear I could see imperfection."

Of his 430 acres in the Maxwell farm, only 53 were in corn this year. They yielded 75 bushels an acre, all yellow dent. That was picked over at first by Mrs. Workman and his son, Rome Workman, who, his mother says, "is almost as bad as his pa about corn." That yield offered several bushels of "show corn." Then by the midnight oil, Mr. Workman with his keen eye for imperfections eliminated all but fifty ears which were sent to the International show.

In the regional contest with Kansas, Missouri, Kentucky, West Virginia, Virginia, Maryland, Delaware and Southern parts of Illinois, Indiana and Ohio, he won first for yellow corn; then took the highest regional prize for any kind of corn from the holder of the best white corn, which was from Missouri. Then he entered the sweepstakes. His best ten ears won.

"I have seen him down on all fours," one neighbor said, picking his seed, grain by grain, culling out that which he felt fell below his standard. He would spread a big tarpaulin, pour the grain upon it, and then get down with it.

"Corn should not be planted for more than five years in succession in the same land," Mr. Workman said. His custom is to raise corn in a parcel of land four or five years, and then to plant it in alfalfa and clover and make it pasture land for ten or twelve years, renewing the land.

"Best corn never comes the first year," Mr. Workman declared. "Corn that won the championship came from ground that was in its second year of corn."

### AMERICAN LEGION NEWS NOTES

A nation wide scheme for the  
sale of articles made by sick and  
wounded soldiers thru their own  
stores has been proposed to the  
American Legion Auxiliary by  
Mrs. Clarence R. Edwards, Bos-  
ton, Mass., wife of the command-  
er of the 26th Division, A. E. F.  
The plan will be discussed at a  
meeting of the Auxiliary execu-  
tives in Indianapolis, January 18,  
19 and 20.

In the plan, the handiwork of  
the disabled would be sold in  
principal towns and cities in  
stores established and operated  
along lines of women's exchanges.  
Women dependents of the dis-  
abled also would there dispose of  
their home products. The plan  
would make the disabled self  
supporting and not promoted by  
charity, its backers declare.

American education week will be  
observed annually, with programs  
similar to those of December 4-  
10, according to the American  
commission of the American Leg-  
ion. The commission, with the  
National Educational association,  
directed the initial movement.

Roused over the report of rela-  
tives that a soldier's body had  
been so jammed into a cheap  
casket that it was with difficulty  
removed for proper burial, the  
American Legion of New Jersey is  
making a thoro investigation of  
such practices.

A resolution unanimously en-  
dorsing Hanford MacNider, na-  
tional commander of the Ameri-  
can Legion, has been adopted by  
the Des Moines, Ia., Trades and  
Labor assembly. "He has always  
been fair to the purposes that or-  
ganized labor stands for, and we  
convey our hearty congratulations  
to the Legion for securing him as  
commander," the resolution reads.

More than 3000 veterans of the  
World War now suffering from  
tuberculosis, are without proper  
care or hospitalization in the state  
of New York, according to Wil-  
liam F. Degan, commander of the  
New York department of the  
American Legion who has just  
completed a survey thru Legion  
posts of the state.

The first American Legion  
building financed exclusively thru  
the sale of municipal bonds is  
that now under construction at  
South Pasadena, Calif. The build-  
ing, which is to be of the bungal-  
ow type, will stand in American  
Legion Park, a public park of  
South Pasadena.

There is not one jobless ex-  
service man in Louisiana, the  
American Legion Employment  
Bureau of that state having found  
work for every veteran seeking  
employment.

Maple Leaf Post of the Ameri-  
can Legion at Seattle, Wash.,  
composed of "British Tommies,"  
has officially adopted Hanford  
MacNider, national commander of

the Legion, into the circle of  
"jolly fine chaps." Mr. MacNid-  
er recently visited the post head-  
quarters and shook hands with 300  
members.

U. S. army tanks of the type  
that waddled over the Hindenburg  
line and ex-soldiers who fought on  
the line have combined in Duluth,  
Minn., to furnish Christmas trees  
for children of the city. The  
American Legion is supplying  
jobless ex-service men to do the  
cutting. Tanks and trucks haul  
them to a central location where  
the Legion is selling them, the  
proceeds going toward a merry  
Christmas for the unemployed  
and their dependents.

Employment projects ranging  
from land reclamation schemes to  
the working of a gold mine in  
Missouri have been submitted to  
the American Legion's national  
unemployment council. Milton  
D. Campbell, Cincinnati, O., has  
been appointed chairman of the  
council which will meet early in  
January at the Legion's national  
headquarters, Indianapolis, to  
draft remedial measures for the  
winter.

Religious factions in American  
Legion posts have been severely  
condemned by Hanford MacNider,  
Iowa, national commander of the  
organization. Speaking at Port-  
land, Ore., MacNider declared  
that religion "is between a  
man and his God," and that  
the person who would bring  
religious differences into Legion  
activities "is not worthy of mem-  
bership." "This country was  
founded because of religious in-  
tolerance in others," the Legion  
head said. "The Protestant,  
Catholic or Jew who endeavors  
to force religious issues should be  
effectively squelched."

The alleged statement of Victor  
J. Miller, president of the police  
commissioner of St. Louis, Mo.,  
that 70 per cent of the present  
day criminals are ex-service men,  
has caused the American Legion  
of St. Louis to request his dismis-  
sal from office.

## The One-Ton Truck

The Ford One-Ton Truck first made its appeal  
to the farmer and the merchant because of the  
merits of Ford Cars. And it made its wonderful  
reputation and great sales record because it lived  
up to every claim made for it.

The reliable Ford Motor, the special Ford steel  
chassis, the aluminum bronze worm-drive, all  
combine to produce a truck of unusual power,  
capacity and strength—a truck that lasts in  
service; a truck that solves the haulage problem  
at a very small operating and upkeep expense.  
Hence the demand for the Ford One-Ton Truck  
is constantly on the increase.

For the good of your business, whether it be  
farming, merchandising or manufacturing, you  
should come in and look over the Ford One-Ton  
Truck—NOW!

### IMPORTANT

We are prepared to furnish the Ford Truck equipped  
either with Standard or Special Gearing. The Stand-  
ard Gearing gives the truck a maximum of power.  
The Special Gearing increases the speed of the truck  
from five to seven miles an hour, converting it into  
a Fast Delivery Car.

### ROODHOUSE FAMILY REMOVES TO CHICAGO

Mr. and Mrs. Frede to Engage in  
Grocery Business in Big City  
—Other News from Roodhouse

Roodhouse, Ill., Dec. 22.—Mr. and Mrs. Frede, who until recently had been engaged in the restaurant business here for a number of years, went to Chicago last week, where they purchased and took possession on Thursday of a grocery and delicatessen at 2121 North California avenue. Bungalow living rooms adjoin the store. Mrs. Frede returned to this city Sunday night and Donald, her son, went to Chicago Monday to relieve his father in the store. The latter arrived in Roodhouse this morning and will probably remain a week longer, settling up his business and justice court affairs, after which he will take his family back to Chicago for their future home. It has been generally understood that since Mr. and Mrs.

Frede sold their business here, the family would not long be residents of this city, but would seek a business opening elsewhere, and while their many friends regret their departure, yet all wish them abundant prosperity in their new home.

#### Death of Mrs. Truitt

The sudden death of Mrs. Parker Truitt, of Jerseyville, came as a shock to family and friends alike. While she had been receiving treatment the past few months her condition was not regarded as serious and she was up and about as usual until the day preceding her death, which occurred Thursday, Dec. 8.

Mrs. Truitt was well known to many Roodhouse people, as she and her husband lived here for some time subsequent to their marriage, while Mr. Truitt was employed as a machinist at the Chicago & Alton shops. The first of this year they went to Jerseyville, which was her old home, to reside. Mr. Truitt working at the shoe factory in that city.

Mrs. Lulu Alice Truitt, daughter of Mr. and Mrs. D. J. Graf, of Jerseyville, Ill. She was married to Leon Parker Truitt, of Roodhouse, Sept. 10, 1915. She was known as a real friend to all her friends and relatives, and won them by her kind and gentle disposition. She kept faith with her Savior until the last.

Death came at 11:50 p. m. on Thursday, Dec. 8, 1921, at the age of thirty years, nine months and eleven days. She leaves besides her husband, two aged parents and her brothers, Elmer, of Jerseyville and Herbert of Alton. Mrs. Truitt became a member of the Methodist church when a small child and was a great lover of Sunday school.

Funeral services were conducted from the Methodist church in Jerseyville at 2 o'clock Sunday afternoon, Dec. 11, with Rev. T. W. Porter officiating. Relatives attending from a distance were Mr. and Mrs. R. H. Filson, Sr., and Clarence Truitt, of Roodhouse; Louis Truitt, of Chicago; Mrs. Robert H. Smith and Mrs. Callenberger, of St. Louis.

### LAST ASSEMBLY OF HIGH SCHOOL

Christmas Music and a Talk by Principal Schafer Featured the Last Assembly Before Holidays—Pep Meeting Held.

The High school had its last assembly yesterday until after the Christmas vacation. Christmas music and a speech by Principal Schafer were the features of the assembly. The Treble Clef club and the Boys' Glee club gave several numbers.

Mr. Schafer gave the students an interesting talk full of sound advice on New Years and resolutions. Among other things Principal Schafer stated that it is far far better not to make resolutions than to make them and then break them. He then went on to tell of usual inventory that we all take of ourselves at New Years, and that invariably we come out short of expectations. He then told of the impressions that the average student receives, and how they try to be like their favorite characters in books, creating the problem of discrimination. With so many questionable books on the market, students often absorb things that are not right. This makes the necessity for teaching a great one. The same thing holds true with companions. It is the work of the school to create a desire for the better things which will eliminate all desire to be like some of the questionable characters that are often so popular.

Following the regular assembly a pep meeting was held for the game last night. Putnam, Deatrage, Goebel, Hunter, Arter, Lewis, Hackett made the usual speeches accompanied by some terrific yelling.

Immediately after school yesterday afternoon, tickets for the game were sold to the students not belonging to the athletic association, for 25 cents. The high school has a holiday game scheduled with Delavan High. This game will be played Wednesday of next week. Delavan is unbeaten so far, and has played a number of good teams. They meet Athens today, for the second time this season so Jacksonville will be able to get a line on the Athens game here a week from Saturday.

#### TAX EXTENSION

WORK TO PROCEED  
The state tax rate will be forty-five cents this year, according to a telegram received by County Clerk Riggs yesterday, from the state tax commission. The rate last year was forty cents. Mr. Riggs and his assistants can now do some further work in tax extension, but must have the rates as applied to railroads before they can make substantial progress.

As already indicated, it will be late this year before the books are turned over to the collector, since the state commission has already passed by more than a month the date on which the final rates were supplied last year.

### LYNNVILLE CHURCH PLANS XMAS PROGRAM

Christian Church to Present Play  
Christmas Night—Other Plays  
From Lynnville and Vicinity.

Lynnville, Dec. 22.—The pupils of the Christian church Sunday school will present "White Gifts for the King," at the church at 7:30 o'clock Christmas night. The committee in charge of the entertainment is working diligently and there is every indication that a fine program will be given.

The roads in this vicinity are in fine condition, due to the oiling and grading, done under the direction of the road commissioner, Walter Angelo.

The Lynnville school made an excellent showing at the poultry and corn show in Jacksonville last week. Several of the pupils had some very fine corn on exhibition there. The boys take great interest in exhibits of this class and it is probable that many others will take part another year. Mr. Kendall, the county advisor, and his assistant, Mr. Rucker are doing all they can to interest the boys in exhibits of this class.

## IRREGULAR SESSION OF STOCK MARKET

By Associated Press.  
NEW YORK, Dec. 22.—Tendencies in the final markets today were irregular or reactionary from the beginning. Only a few of the standard or representative issues showed more than casual support. Trading in most other respects was characteristic of the holiday season. Further heavy selling was noted in certain speculative issues presumably to adjust income tax losses. The investment inquiry was keen, however. Industrials continued to be depressed by adverse trade conditions more cutting of prices being reported in steel and iron products. Oils were under constant pressure and registered extreme reactions of one to four points.

Equipments especially American Locomotive and General Electric were about the only stocks in which the short interest seemed advisable to cover contracts. Sales amounted to 700,000 shares. The money market was inclined to relax altho interior banks drew upon their local reserves for home requirements. Call opened at 6 per cent but eased to five in the afternoon with private offerings on good collateral at 4 1/2 per cent. In the bond market the striking feature was the heaviest of foreign issues notable French municipalities which broke sharply upon relatively small scales. The domestic bond list including Liberty issues and rails was irregularly lower. Total sales, par value, aggregated \$18,750,000. Without exception foreign exchanges were lower.

## CASH GRAIN REPORT

By Associated Press.  
CHICAGO, Dec. 22.—Cash sales here today were 10,000 bushels of wheat, 375,000 bushels of corn including 325,000 bushels to exporters and 50,000 bushels of oats. Most of the export business was said to have been worked at little profit to the shipper. The seaboard advised of 200,000 bushels of corn taken for Europe and that vessel room had been booked for 50,000 bushels of gulf wheat for London.

The cash corn basis was 1¢ to 1¢ better for No. 3 grades and firm on other grades. Oats premiums also were better.

Car lot receipts: Wheat 9; Corn 29¢; Oats 99.
